

# Leak-Safe Flange Packing use of Gasket *Rubber Sheet*

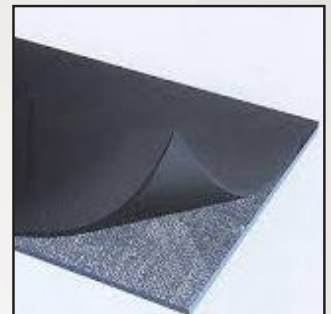

Made in India

**PERFORMANCE MEETS  
COMPRESSION-SET SEALING  
FEATURES**

Synthetic SBR, EPDM,  
Neoprene, Silicone, Viton  
As per IS 5192, BS 2752

Insertion Ply Natural  
per IS 638

Gym Rubber Mat

Nitrile Rubberized Cork  
per IS 4253

# Thank You for Purchasing HIC “UNIVERSAL” Rubber Gasket Sheet

HIC International Co.'s Manufactured Quality natural rubber compounded Insertion Sheet and Synthetic Rubber Sheeting superseding IS 5192, IS 2751, BS 2752 standards Steam Acid Resistant & Compression Set Gasket aspect Advantage assures Long Life Packing Reliability.

## Secured Packing Insulation Rubber Sheets Installation Tips

- 1. Appropriate Thickness for Anti-corrosion Protection and Sound Insulation** be used of rubber sheet in packing of Die Cut Custom Flange Gasket and Diaphragm jointing material.
- 2. Safe Compression Packing** even if Blisters or pin holes gets visible at times in rubber sheeting rolls, nothing to interfere seal strength.
- 3. Human Safety** is ensured using Shot Blasting equipment sheet-rubber cabinet lining and Sewage Manhole Gasket made of Impact Resistant **Natural** rubber Or Abrasion Resistant commercial **SBR** grade fabric reinforced insertion sheeting.
- 4. Choose Right Rubber Lining of Tank & Transportation Vessels** considering storage material characteristics as to temperature, chemical concentration for overall protection like **EPDM** sheeting for Acid Storage Tanks, Automobile Beading & Roofing Membrane, **Nitrile** lining for Hydrocarbons, Mineral Oil Storage Tank & Air Conditioner Pipelines Ducting, **Neoprene** sheeting for Wind Tower, Acoustics and Noise Reduction & Splash Zone Area Riser Pipes offshore structure Cladding system.
- 5. Animals Injury Protection & More Milk Yield** is proven with moisture-free natural surrounding by use of **Cow mats**.
- 6. High Temperature Resistant Membrane** be used of FDA conforming Food Grade **Silicone** sheet packing for Woodworking Vacuum Press, Solar Laminator, Medical Pads, Food & Beverage And **Viton** gasket sheeting for Aerospace Fuels, Oil Field & Gas Industry.
- 7. Anti-slip Cow Mats** Hammer Top pattern with hollow bottom Interlocking design for comfort, hygiene & injury protection safety in flooring **animal husbandry** be used.

**Size variation** (+,-0.5 mm Thickness ; +,-1% Width & Length), +,-5 mm Shore Hardness for gasket material Rubber Sheets Neoprene CR, Nitrile NBR, EPDM, Rubberized Cork, Shot Blast, Silicone, Commercial White Insertion sheeting as per HIC manufacturing tolerance should be acceptable.

### Steps for packing gasket insulation

Keep in hand following:

“HIC Universal” Rubber Sheeting

Utility knife

1/4-inch plywood

Circle gasket cutter

Steel rule

Hollow gasket cutter

Paint marker

Dead-blow mallet

**Disclaimer:** Information's, written and verbal are provided by HIC, relative to its **rubber gasket cutting sheet** which it determines to be reliable & no liabilities of whatsoever nature in regards to its uses. The purchaser of HIC UNIVERSAL brand **rubber sheeting roll** should determine for itself the suitability of such rubber products.

## Why HIC Universal Gasket Rubber Sheets?

**Ozone-proof SBR, EPDM, Neoprene CR, Viton Protective Seal**  
High Resistance to Heat, Weather, Steam, Water, Oil, Chemicals

**Excellent Compression Set Insertion Ply RMA, Silicone Padding**  
Apt for Manhole Cover, Shot Blast, Pump, Valve, Medical Strips

**Friction-proof Nitrile Cork and Corrosion-proof NBR Jointing**  
Versatile Transformer Noise Isolation, Storage Tank Lining
